"Working with LBL has made very big improvements for us. Because of our campaigns many people recognise [our union]. Any problems we face we can notify them and they do everything they can to help solve our problems."
- Shahida Begum, President, National Garment Workers Federation, Bangladesh

Membership to Labour Behind the Label provides vital financial resources to enable us to help workers such as Shahida to improve their working conditions in the global garment industry. Our work is crucial at this time of economic flux, when every day we hear that conditions for workers worldwide are deteriorating, while budget retailers increase their profits and UK consumers demand ever cheaper prices on their clothes.

Please think carefully about what your contribution could do for garment workers such as Ifat, who produces clothes for Tesco, Primark and Asda, *"I can't feed my children three meals a day with my earnings. This is my fate."* By completing our standing order form overleaf you will ensure that, year on year, for the price of a dress or pair of trousers you are doing your best to change the lives of workers such as Ifat.

As a member you will receive quarterly updates with actions to take and an in depth bi-ennial bulletin with news of all our campaigns and urgent appeals. All this may be sent to you by email if you would prefer not to receive post.
